ASSIGNMENT FOR BACK END DEVELOPMENT CANDIDATES

Dear Candidates,

We are, hereby, mentioning the breakdown of the steps that you need to go through to get your assignment done.

Step-1:

You have four parameters namely- Image URL, Title, Content, Heading.

Step-2:

Using CRUD operations with the 4 above stated parameters, write a code, to perform add, edit, update & delete functions.

N.B:-

You have to submit your assignment tomorrow i.e. **16th October 2020 by 8:00 PM**.

After completion you have to upload the project to your Google Drive in a ZIP file format and share the link with us by changing the *"Link-sharing options"* from *"Restricted"* to *"Anyone with the link".*

Regards,

Technoboot.
